

Toronto RNA Club

CCBR - Black Room
4:00-5:00 PM

April 12th, 2019

Jennifer Porat

MSc Candidate, York University

The methyltransferase Trm1p influences tRNA processing independent of catalytic activity

June Tan

Postdoctoral fellow, University of Toronto

Exploring the role of alternative splicing in regulating muscle-cuticle attachments in C. elegans

illumina[®]

LEXOGEN
Enabling complete transcriptome sequencing

BIO-RAD

NORGEN
BIOTEK  CORP.

 NEW ENGLAND
BioLabs[®] Inc.
enabling technologies in the life sciences

ThermoFisher
SCIENTIFIC

Pizza will be served following the seminars!
